Cover for testing of machinery and installations

It is agreed and understood that otherwise subject to the terms, exclusions, provisions and conditions contained in the Policy or endorsed thereon, the period of cover shall be extended to include a test operation or a test loading but not beyond four weeks from the date of commencement of the test.

If, however, a part of a plant or one (or several) machine(s) is (are) tested and/or put into operation or taken over, the cover for that particular part of the plant or machine(s) and any liability resulting therefrom shall cease whereas the cover shall continue for the remaining parts to which the above does not apply.

It is further agreed and understood that for the machinery and installations undergoing a test, exclusions c and d of the Exclusions to Section 1 of the Policy shall be deleted and the following exclusion shall apply:

“loss or damage due to faulty design, defective material or casting, bad workmanship other than faults in erection.”

In the case of second-hand items, the insurance hereunder shall, however, cease immediately on the commencement of the test.
